Im Garantiefall unbedingt beachten!

Sehr geehrter Kunde,

Die Mitarbeiter der **Maschinenfabrik Stolpen GmbH** haben bei der Fertigung des Produktes mit großer Sorgfalt gearbeitet. Trotzdem, dass wissen Sie als Praktiker, sind Fehler niemals vollständig auszuschließen. Um auftretende Probleme richtig zu analysieren und für die Zukunft auszuschließen genügt es jedoch nicht in jedem Fall wenn Sie nur das defekte Bauteil reklamieren. Wir benötigen die vollständige Baueinheiten. Das trifft auch auf unsere Lieferanten zu, die spezielle Baugruppen für uns fertigen.

Bitte beachten Sie bei den folgenden Bauteilen, dass im Garantiefall stets die komplette Einheit reklamiert und gewechselt wird:

- **Getriebe**
- **Hydraulikventile**
- **Hydraulikmotor**
- **Hydraulische Steuerung**
- **Hydraulikzylinder**
- **Elektrische Steuereinheiten**
- **Stützfüße und Stützräder**
- **Druckluftzylinder**
- **ALB**

Nach Reparaturversuchen oder bei demontierten Einheiten erlischt Ihr Garantieanspruch !

Wir hoffen sehr das Sie diese Option nicht in Anspruch nehmen müssen und wünschen Ihnen mit unserem Produkt viel Erfolg und Freude bei der Arbeit !
